

an excerpt from the *book of life*

Hamilton and Estelle Loeb

We were raised with Jewish values handed down by loving, caring parents and grandparents, and by their example of *tzedakah*. Supporting both the Jewish and general communities have been a part of our lives since early adulthood. We feel fortunate to live in a vibrant Jewish community and we want to help ensure the future through our modest endowment and legacies.

Since we moved to San Diego 12 years ago we have become actively involved in Jewish Family Service and have seen that agency quadruple in service to the community. We appreciate the work of the Jewish Community Foundation that will guarantee the future of the Jewish community in San Diego.

You are eligible to sign the Book of Life when you make a permanent gift of any amount to one or more Jewish organizations either during or after your lifetime.
