

10 WAYS

to Make the Best of Your Donor Advised Fund at the Jewish Community Foundation

- 1 Visit one of your favorite nonprofit organizations. The Foundation can help set this up.
- 2 Invite your child or grandchild to go with you.
- 3 Ask the Foundation for giving ideas to match your interests.
- 4 Designate an amount for your child or grandchild to give away. This is a great gift idea.
- 5 Recommend a grant in honor of a friend's or family member's birthday or anniversary.
- 6 Attend a San Diego Grantmakers seminar that interests you. The Foundation can help connect you.
- 7 Hold a family meeting and write a mission statement for your fund.
- 8 Ask the Foundation to connect you with other funders who share your interests and meet them for coffee.
- 9 Develop a plan for your giving over the next year and ask the Foundation for other ideas.
- 10 Start thinking about your charitable legacy if you don't have one. Call the Foundation for confidential advice.

The Jewish Community Foundation staff is eager to help you
in any way we can to make your giving more meaningful!
Thank you for partnering with the Foundation.
