Philanthropy and Homelessness:  
Policy Change vs Immediate Needs

Moderated by Ollie Benn

**Hosted webinars** with thought leaders on homelessness and philanthropy helped overcome some prevailing myths about homelessness.

### We've made an impact.

**By giving, learning, and volunteering**, we provided needed support to the nonprofits doing vital work to alleviate homelessness in San Diego.

### We've built relationships.

**Twelve impactful local nonprofits** were introduced to donors through video, site visits, and volunteer events.

## COMMUNITY IMPACT REPORT

We asked nonprofits participating in the *giv4 homelessness in san diego* fund:

**In what ways has *giv4* been helpful for your organization?**

We are so pleased to share these responses with you.

### HousingHelpSD

(City Heights CDC) -  
"Every dollar raised by *giv4* has been put directly into a rental assistance check for a household on the edge of homelessness."

### HousingHelpSD.org

POWERED BY THE SAN DIEGO EVICTION PREVENTION COLLABORATIVE

**Home Start** - "As mentioned, Home Start's participation as a *giv4 homelessness* nonprofit partner this past year resulted in our agency's largest-ever gift from a living donor/family." (Facilitated by JCF)

**Interfaith** - "*giv4* has increased our outreach potential to other would-be donors, future partners, and members of our community in a way that has been very impactful; especially for our efforts to inform new audiences about our work."

**Youth Assistance Coalition** - "We were introduced to amazing people, received visits from generous donors, and met other organizations that we could collaborate with. Receiving unrestricted funds is hard to come by and it allows us to use the funds where it's needed."

The Jewish Community Foundation San Diego has facilitated over **\$1.4 Million from the *giv4* initiative for the following nonprofits.**
