

# jtf Jewish Teen Foundation San Diego

A PROGRAM OF THE JEWISH COMMUNITY FOUNDATION

## Award Tens of Thousands of Dollars to Nonprofits

You will have real responsibility to decide which organizations receive grants likely totaling over \$20,000.

**Build New Relationships** - JTF teens participate in a team building day and then work in cohorts throughout the program to learn how to think philanthropically and maximize their impact - all while building new relationships and having great social opportunities.

**Learn New Skills** - During this 2022-2023 school year program, you will learn how to collaborate in teams, have constructive discourse, evaluate grants like a pro, have public speaking opportunities, and develop leadership skills that will stay with you through college and beyond.

**Exclusive Access to Influencers** - Through the Jewish Community Foundation, JTF has access to business, nonprofit, legal, and other leaders who will inspire you and help you understand the Jewish values of *tzedakah* and *tikkun olam*.

## What will your impact be?
